

Appendix 4

Assess your understanding of your threat and risk environment

-
- Does my organisation have **processes and procedures** in place to ensure **awareness of developing threats** to aviation security? Yes No
-
- Do **staff** have a clear **understanding** of the security threat environment? Yes No
-
- Do **staff** understand the **specific vulnerabilities** within the organisation's risk profile? Yes No
-
- Do **all employees** recognise their **roles in mitigating** these threats and risks? Yes No
-
- Is **information** on the threat and risk environment **communicated regularly** to staff to provide them the purpose behind security measures employed? Yes No
-
- Are **real-world examples** used in **education and training** to demonstrate real aviation security threats? Yes No
-
- Are **staff involved in risk assessment** processes to benefit from their operational knowledge? Yes No
-
- Are **processes and procedures actively reassessed** in light of changes in the threat or risk environment? Yes No
-
- Are **processes and procedures routinely tested** to determine if they stand up to real-world threat scenarios? Yes No
-

To enhance understanding of the threat and risk environment, my organisation can...
