

Management

Duration: 10 days

Short description:

This course will train aviation security personnel at managerial level to plan, coordinate and implement the application of airport security preventive measures in accordance with approved programmes.

Course objectives:

On completing the course, the trainees will be able to:

- explain the origin and purpose of ICAO aviation security related legal instruments, Annex 17 and the Security Manual (ICAO Doc 8973);
- apply basic concepts of management to aviation security and explain the specialist role of the aviation security manager;
- plan, develop and organize the human and material resources necessary for the effective operation of an aviation security unit;
- plan and administer the financial budget for a security unit;
- advise on the development of aviation security programmes and Standard Operating Procedures (SOPs);
- monitor and enforce the implementation of aviation security programmes and SOPs;
- verify that security personnel are able to implement aviation security preventive measures;
- advise on the development of airport emergency plans and manage the security response action necessary in security emergencies involving aircraft, terminal buildings and airport facilities;
- take part in an aviation crisis management team as required;
- develop and implement AVSEC training for security personnel and other airport workers and users; and
- develop and maintain liaison with

Target population:

The target population will be existing personnel at the supervisory level with the potential for promotion to the managerial level, and existing personnel at that level employed by the authority or organization primarily responsible for the application of aviation security preventive measures at airports.

Entry requirements:

Trainees should satisfy the following criteria:

- successfully completed the STP 123/BASIC training course or equivalent; and
- have written and oral command of the language of instruction. In the case of the recruitment of management personnel from external sources, such personnel should: have satisfactorily completed secondary school or equivalent education; and
- be conversant with the contents of ICAO STP 123/BASIC.

other airports and outside
organizations and agencies.
