

AVSEC QUALITY AND SECURITY POLICY

Effective date: 1 October 2018

OUR VISION

To deliver world class aviation security, while enabling high quality, responsive passenger experience

OUR COMMITMENT IS TO –

Ensure by every practicable means the security and safety of air travellers by meeting or exceeding the expectations of our customers and stakeholders.

- **Apply** aviation security measures that comply with or exceed New Zealand's civil aviation security legislation and regulatory requirements.
- **Enforce** the management of security as a primary responsibility of all workers.
- **Continually improve and evolve** our security performance to be favourably compared with the highest levels of aviation security practice applied anywhere in the world.
- **Support** the management of security by providing appropriate resources to build an organisational culture that fosters safe practices, encourages effective security reporting and communication.

To achieve **our vision** Avsec will rely on these enablers –

Customer and stakeholder focus	Leadership
Our people	Effective relationships
Continual improvement	Safe and Healthy workplace
Compliance	A 'Quality First' mantra
